

# MASS EFFECT™

ANDROMEDA

**Scene One:** *Jordan Tate is a smart and talented indie documentarian eager to give the real perspective on life in Andromeda. You are playing the role of Jordan Tate.*

CHARACTER	LINE	DIRECTION
<b>Jordan Tate:</b>	Ryder, isn't it? Jordan Tate, freelance vidmaker.	Friendly, enthused.
	Superintendent Drake's asked for an "uplifting" documentary about our efforts. Translation: paint rainbows over our problems.	Annoyed by Drake, fake bubbly at end.
	But people deserve the truth, not propaganda.	Earnest.
<b>Ryder:</b>	Perhaps a crisis is a time for hope, rather than hard truths.	
<b>Jordan Tate:</b>	If we pretend everything's fine, who does that truly serve?	Disdainful, then earnest.
	I want the dirt and blood, not the convenient fairy tale Drake's looking for.	Eager.
<b>Ryder:</b>	Okay. What do you want to know?	
<b>Jordan Tate:</b>	Well, how do you think things are going? Official reports don't tell us very much.	Professional, focused.
<b>Ryder:</b>	I think people should go out and see Andromeda for themselves.	
<b>Jordan Tate:</b>	No trouble at all? Are those scars on your armor just from popping the champagne?	Pointed.
	Never mind. If that's your take, that's what goes in.	Rueful, but determined to be fair.
	Bandwidth means I'm transmitting in short bursts, so that's all for now.	Pleased and grateful.
